

The Power of 7 Ways to Earn

One

Retail Earnings

When you make retail sales, you can earn immediate income and establish a customer base. Retail Earnings are pretty simple. You purchase Seven+ at wholesale (\$30 per bottle) and sell to customers at retail (\$45 per bottle).

**Sell 4 bottles and Earn:
\$60 Retail Earnings**

Two

Preferred Customer Bonus

As a distributor, you receive a \$10 bonus on every Preferred Customer bottle, but more importantly, you generate 12.5 PV that applies to your monthly PV qualification. Additionally, 12.5 BV points per bottle is allocated to your lesser team side which helps you to achieve Binary Team Commissions as you will learn later on.

**3 bottles
x \$10 per bottle
= \$30 Bonus**

**plus 37.5 PV credit and
37.5 BV for lesser team**

Three

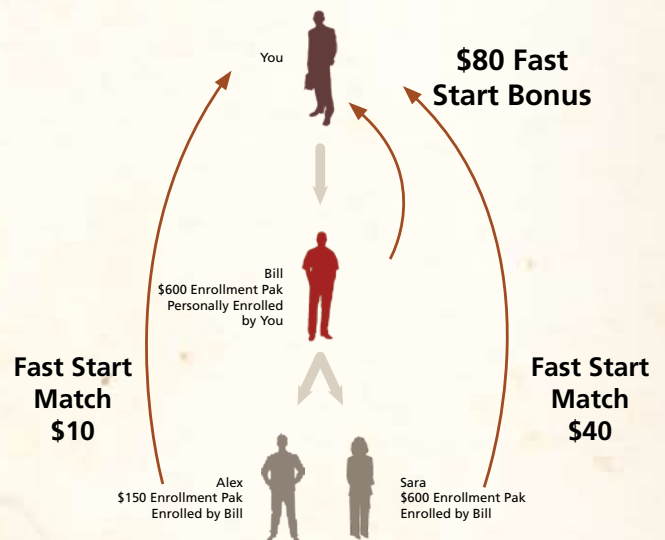

Fast Start Bonus

When you sell an Enrollment Pak, you are qualified to earn a Fast Start Bonus (FSB). The Fast Start Bonus is earned each time you personally enroll a new Distributor who purchases one of the optional enrollment packages. There is no limit to the number of Distributors you can personally enroll. See chart below for example.

Four

Fast Start Match Bonus

The Fast Start Matching Bonus (FSM) rewards you with a 50% match of the Fast Start Bonuses that your Personally Enrolled Distributors earn. It is an incentive to help your Distributors duplicate product sales. There is no limit to the number of Fast Start Matching Bonuses you can earn.

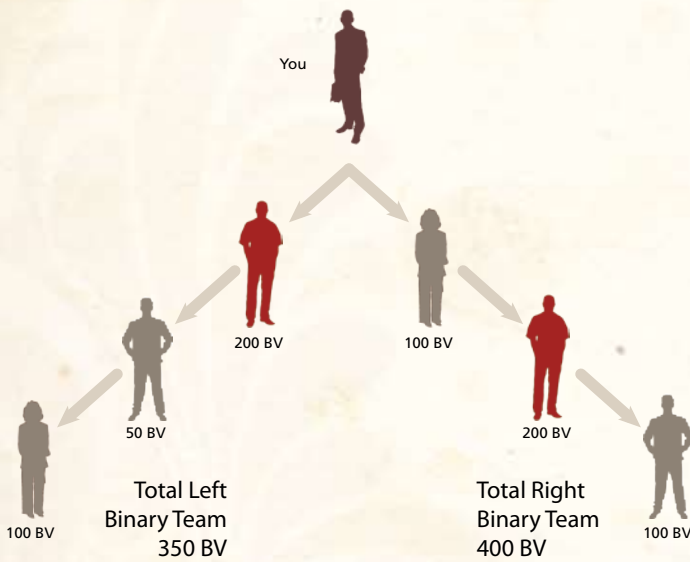

Enrollment Pak	FSB	FSM*
\$150	\$20	\$10
\$300	\$40	\$20
\$600	\$80	\$40

*Requires 200 PV to participate

Five

Binary Team Commissions

In your Binary Team Tree, you can earn up to 10% of the volume in the lesser team leg in Binary Team Commissions.** Volume is based on BV. Here's how it works – you must be personally active with a minimum of 100 PV and have personally enrolled someone on both of your left and right binary teams who is Personally Active and generates a minimum of 100 PV each. Once qualified, you may earn \$30 each time there is 300 BV accumulated on both the left and right binary team legs. Any unpaid BV carries over to the following week as long as you remain personally active. You can do this over and over each weekly pay period up to \$10K in commissions per week***.

**Total of \$30 earned
for every 300 BV in lesser leg**

**The Binary Team Commissions equate to earning 5% of the balanced volume from both your left and right binary teams.
***Earnings potential based on your level of achievement.

Seven

Director Check Match

The Director Check Match (DCM) guarantees a 55% weekly company-wide payout of business volume. This match is paid weekly and is based on a floating percentage. The percentage is determined after other ways of earning in the compensation plan are calculated and all remaining payout is allocated to the Director Check Match. If you qualify for the Director Check Match you can earn a match on the Binary Team Commissions paid to Personally Enrolled Distributors in your team, and on those they personally enrolled and those they personally enrolled. This can continue up to 7 Director Generations deep in your Enrollment Tree.

Director Ranks	Generations Paid
Bronze	1
Silver	2
Gold	3
Pearl	4
Ruby	5
Emerald	6
Diamond	7
